13 VOX BASS C. (Own mic, phantom +48V)	
14 VOX GTR R. (Own mic)	
15 BACKTR 1 LEFT	
16 BACKTR 2 RIGHT	

MONITOR MIX

As I May have own closed in-ear monitor system with cabel splitters. We use our own Behringer X32 rack mixer our monitor mix. We need to split x-marked inputs in our own monitor system. We have own 2,4m long 16 xlr multicord from splitter outputs. Every cord is marked.

!!!All our gear run 220V electric voltage!!!
