

## **Technical rider**

Contact: Kenneth Henriksen +47 936 46 565

### **Guitars:**

We're traveling with two Line 6 Helix Floor and two Line 6 powercab 112 plus. We'll run both Line 6 Helix Floor directly to the PA and use the powercabs for stage sound. One wedge each.

### **Bass:**

We'll need an Ampeg head and Ampeg 8x10" cab or similar. This will need one DI for direct signal and one Shure SM57 or similar microphone. One wedge.

### **Synth:**

We'll need one stereo DI for synth. One wedge.

### **Drums:**

We'll need 1x kickdrum, 1x snare, 10", 12", 15", 16" toms and will require miking for this in addition to one hi-hat and two overheads. Moreover, we'll need five cymbal stands and one hi-hat stand. Our drummer uses in-ear monitoring and will require left and right signal for his mixer (2x XLR). No monitor.

### **Vocals:**

We'll need three Shure SM/Beta 58. One wedge.

### **Banner:**

We have one 6x4 meter banner for the stage.
